ARIZONA APWA STATEWIDE CONFERENCE WRAP UP

Achen-Gardner Construction was a sponsor, exhibitor, and several of our employees attended and volunteered at the Arizona Chapter American Public Works Association (APWA) Statewide Conference on August 1-3, 2018, at the Hilton El Conquistador in Tucson, Arizona. In addition to being a Premium Sponsor, Public Agency Sponsor, and Friday Prize Drawing Sponsor, we showcased recent projects and handed out lots of goodies and giveaways at our booth. We also raffled off an Amazon Echo and drew the winner at the official prize drawing on Friday, August 3.

At the Awards Lunch on Thursday, August 2, Achen-Gardner representatives accepted **Project of the Year Awards** for two of our projects: the **Wastewater Conveyance JOC** project for the Pima County Regional Wastewater Reclamation Department (winning in the category of Environment - More Than \$75 Million) and the **Edison Road Extension CMAR** project for the City of Maricopa (winning in the category of Small Cities/Rural Communities - Transportation). Congratulations to all of our team members and partners on these projects. [Visit our website for more photos and highlights from the conference.](#)

DOWNTOWN PROJECT WINS ARIZONA FORWARD AWARD

The **Commonwealth Avenue and Dakota Street Extension** project (GMP 4 of our **Downtown Chandler Infrastructure Improvements CMAR** project) has been selected as a finalist for Arizona Forward's 38th Annual Environmental Excellence Awards program. The project will be featured at the Awards Gala on Saturday, October 6 at the Westin Kierland Resort, where it will receive either an Award of Distinction or a first-place Crescordia Award.

This project created an important new north/south connectivity (Dakota Street) into downtown, while providing a historically educational and aesthetically pleasing experience along the historic SRP open canal (Commonwealth Avenue). [Visit our website for more information.](#)

HARD AT (DIRT) WORK

We are currently providing earthwork services on the west side of the Loop 101 north of Union Hills Drive as part of our **Loop 101 Waterline Extension CMAR** project for West Valley RE Investments. Our crews recently completed the water line installation and are placing additional fill for future development. [Visit our website for more project details.](#)

NEW PRIMUS LINE INSTALLATION VIDEO

Achen-Gardner has produced a video highlighting the rehabilitation of a 1,300 LF section of 16" PVC water line with Primus Line for the City of Peoria as part of our **Wet Utility Pipeline Projects JOC**. [Visit our website to watch the video and learn more about this innovative technology.](#)

BREAKING GROUND IN MESA

We began construction on our **Main Street and Lindsay Road Sewer Replacement DBB** project for the City of Mesa. This project consists of sewer system improvements on Main Street from Lindsay Road to Val Vista Road. The scope includes installation of sewer pipe and manholes, connection to the existing sewer system, modifications to existing manholes, and bypass pumping. [Visit our website for more project information and photos.](#)
