PRIMUS LINE INSTALLATION

In May 2018, Achen-Gardner Construction achieved another first in the field of pipeline rehabilitation in Arizona when our crews rehabilitated a 1,300 LF section of 16" PVC water line with Primus Line for the City of Peoria as part of our **Wet Utility Pipeline Projects JOC**. [Visit our website for more project information and photos.](#)

DOWNTOWN CHANDLER IMPROVEMENTS UNVEILED

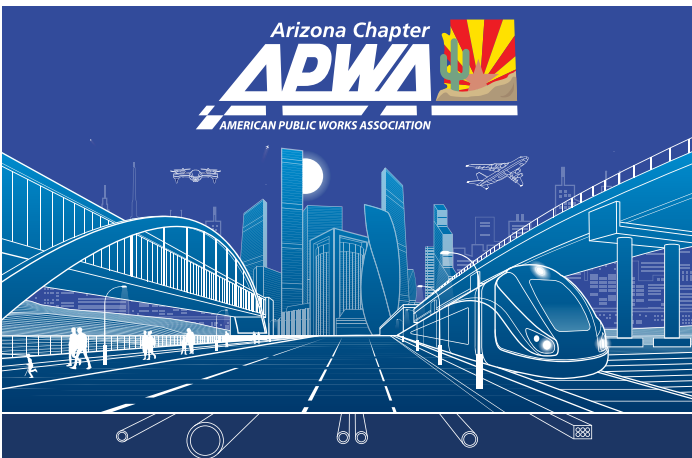

We enjoyed the opportunity to present our **Downtown Chandler Infrastructure Improvements CMAR: Commonwealth Avenue and Dakota Street Extension** project to Chandler City Council members and other downtown Chandler community representatives and residents at a Downtown Thank You event on June 23rd. This project was a key revitalization component to Chandler's long-term downtown redevelopment plans. It created an important new north/south connectivity (Dakota Street) into downtown where development agreements are currently taking place to spur commercial and high-density residential growth. Work included construction of a 933 LF SRP concrete U-canal, 933 LF of 36" HDPE bypass, a pedestrian box bridge, 800 LF of glass inlaid sidewalk, 2,200 SY of asphalt paving, 660 LF storm drain, catch basins, a 6,000 SF courtyard that includes artificial turf, decorative hardscape and pavers, and landscaping, decorative metal fencing and railing, lighting, curb/gutter, and ramps. [See our website for more project details.](#)

UV CIPP CREWS IN TEMPE

Our crews are installing ultraviolet light cured-in-place pipe (UV CIPP) liners in various locations in Tempe as part of our **Sanitary Sewer Collection System Rehabilitation Program CMAR**. The current phase of this project includes 3,630 LF of 8" to 21" UV CIPP lining, 12 manhole inserts, four manhole rehabilitations, and PVC point repairs. Work is being done in major arterial intersections, minor arterial intersections, residential streets, and alleys. [Visit our website for more project information and photos.](#)

CONFERENCE COUNTDOWN

The **Arizona Chapter APWA 2018 Statewide Conference** is August 1-3 and Achen-Gardner Construction will be there. In addition to being a Premium Sponsor, Public Agency Sponsor, and Friday Prize Drawing Sponsor, we will be showcasing recent projects and handing out lots of goodies and giveaways at our booth (#28). Please come visit us and enter for a chance to win a big prize. [For more conference information visit \[azapwaconference.com\]\(http://azapwaconference.com\).](#)

PIMA COUNTY

We are hard at work on Pima County's **Twin Peaks-Blue Bonnet Road Gravity Sewer Design-Build** project and construction is expected to start this fall. Stay tuned to our social media and website for photos and updates.

AZ APWA FEATURES TEMPE WATERLINE PROJECT

Our City of Tempe **Waterline Replacement: Brentwood Manor and Royal Palms CMAR** project was featured in the Arizona APWA newsletter. [Visit the Arizona APWA website to read the article.](#)

This project involved the installation of more than nine miles of 4", 6", 8", and 12" water lines throughout two residential neighborhoods (bounded by Southern Avenue, Alameda Drive, College Avenue, and Dorsey Lane) and two high volume arterial streets (Southern Avenue and Rural Road). The scope of work was inclusive of all associated services, fire hydrants, valves, valve boxes, and other appurtenances in addition to the removal and replacement of associated sidewalk, curb, gutter, asphaltic concrete, and landscaping.
