TIME-LAPSE VIDEOS

We take many photos and videos of all of our streetscape projects, but sometimes we go above and beyond and produce time-lapse videos that show the exciting transformation of the roadway. We recently created two time-lapse videos from cameras at two different locations on our Northsight Boulevard Extension CMAR Project for the City of Scottsdale. Each video was compiled using photos taken every 15 minutes from December 1, 2012 to May 8, 2014.

ACHEN-GARDNER CONSTRUCTION

MONTHLY NEWSLETTER | NOVEMBER 2014

Being Thankful

As Thanksgiving and the winter holiday season approaches it's the perfect time to take a moment to reflect on this year's accomplishments and to thank the people who have made our business a success. Building and maintaining positive, long-term relationships is at the core of Achen-Gardner's philosophy. It's not enough to just build a new road or install a new pipe – we enjoy working with our clients and partners; our goal is to make a difference in our communities and with everyone's help leave a legacy that ensures an improved quality of life. Whether its sponsoring and/or volunteering at a charity event, or donating to a worthwhile cause, Achen-Gardner is thankful for the opportunities that we have to give back and support our community.

Thanks to all of our clients, colleagues, and friends for your teamwork and continued support. From our family to yours, Happy Thanksgiving.
